Truly, history repeats itself with monotonous regularity, the reason is that those who will not learn the lessons of history, are condemned to relive it. There is no evil existing today, no threat of calamity over us today, which is really new, our ancestors faced the same problems in basic principle, many times. Each time they proved by bloody, agonizing experience, there is only one way to peace, prosperity and liberty, all other ways lead only to horrible disaster. Each time, the lesson was forgotten with the passing of the generation which had paid the bitter cost. The drift toward disaster was resumed.

You will find the story in your Bible in Judges 2:7,10-11. This book records, "The people served Yahweh all the days of Joshua, and all the days of the elders that outlived Joshua, who had seen all the great works of Yahweh that He did for Israel, but all that generation was gathered unto their fathers, and there arose another generation after them, which knew not Yahweh nor yet the works which He had done for Israel. And the children of Israel did evil in the sight of Yahweh and served idols [Baalim]."

Naturally this brought its inevitable consequences. There were military defeats which led finally to conquest and years of servitude under another nation. In the bitterness of their slavery, Israel remembered the God whom they had abandoned and prayed to Him for deliverance, which He mercifully gave them. However, the lesson only lasted for 40 years, and again the people were disloyal to Yahweh. This resulted again in 18 years of servitude to their enemies before the awful lesson brought them back to Yahweh, their God. So the process was again repeated, through seven such periods of defeat and servitude. Because they were rescued each time by Yahweh, the lesson was not impressed upon their children, who then repeated the same old mistakes and paid the penalty time and again.

The warning was given to study the course of history before going off the deep end. Deuteronomy 32:7 warns, "Remember the ways of the old, **consider the years of many generations**: ask thy father, and he will show thee; thy elders, and they will tell thee." But it was in vain. Those not yet dry behind the ears, always pursued what they thought was a new frontier, ignorant of the fact that it was the oldest of mistakes.

If you ask, how could this be, Harvard didn't exist yet? The answer is that in those days, they were taught by the ancestors of the very men who now repeat the same teachings in our great universities. Yet we never learn that the truth does not change according to which party is corrupt enough to win an election, it is eternally the same. There is a God and there is only one God, Yahweh, obedience to Him is the only possible road to peace and prosperity.

Every time we let ourselves be told that loyalty to Yahweh and His laws is old fashioned and extreme right wing, then some bright men, who haven't been able to earn a living on their own, have nevertheless discovered a brand new way to run our civilization. Every time we fall for this, we start down the steep and slippery road to disaster.

All history is a huge junk pile of the wreckage of nations which had to prove this the hard way, there is not one exception. They corrupted large numbers of people and thought they were big. They armed their vast numbers of men and thought they were strong. They stole the wealth which others had gained by hard work and thought they were rich. They conquered their unfortunate neighbors and thought they were mighty empires. The degeneracy of character, which is the only thing that can flourish in such an atmosphere, invariably carries the seeds of its own destruction. Six thousand years of history teaches but one lesson, only the willfully blind can fail to read it.

Nationally we have violated all of Yahweh's laws. We have made these violations the essential principles of our major party platforms. This is in order to capture the votes of admittedly alien minority groups, which loudly proclaim that their aims and principles are different from and contrary to those of the great white Christian majority of our nation.

These aliens hate our God, our traditions, our customs and American way of life which has made us great. They want to destroy these and substitute another way of their own. This is a way which never brought them anything but poverty, disease and degradation in the lands from which they came. They think that they can reduce us to their sordid level, while they will prosper on the wealth which only we can produce. Yet, we still follow politicians who have shamelessly sold out to these minority groups. We put into their hands the power to wreck the civilization which we made great.

In the past, this same conduct has been tried repeatedly in the history of all nations, and its end has always been disaster. If we had not forgotten the God we so loudly give lip service to, we would read our Bible and see there the lessons so plainly stated. I have spoken to you before about the laws of Yahweh and how obedience to them will bring peace, prosperity and liberty. Violation of them has always brought war, poverty and tyranny. In what other church will you find these laws of Yahweh taught?

Like most politicians, most of the clergy have found that more **popularity** and **money** is to be had by serving Yahweh's enemies. The people who trust them to teach the word of Yahweh are being misled. Some ministers even teach their congregations that they should deliberately violate Yahweh's laws, to show that they are now under grace, and not under law, this is deliberate sin. 1 John 3:4 reminds us that even under the New Testament, sin is the transgression of the law. In Romans 6:1-2 Paul warns us, "What shall we say then? Shall we continue in sin, that grace may abound? **Yahweh forbid!**"

We are violating the laws of Yahweh which forbid integration and mongrelization of the races. We are violating the laws of Yahweh which forbid joining our nation together with Christ hating pagans in the United Nations. This is doubly bad because the enemies of our God out vote us and rule us in the United Nations. We are violating the laws of Yahweh when we bleed ourselves white to strengthen Yahweh's enemies.

We are violating the laws of Yahweh when we seek to make His enemies prosperous and powerful in their paganism, instead of teaching them that these good things come only as gifts from the one true God.

We are violating the laws of Yahweh when we allow unassimilatable minority groups among us to gain power and rule us in our own land. These deliberate insults to Yahweh are the highest principles of the liberal politicians. Do you think we can violate Yahweh's laws and yet escape the consequences of our own actions? Never!! Our punishment is to receive the natural, inevitable consequences of our own wrongdoing.

Proverbs 1:31 states it very clearly. "Therefore shall they eat of the fruit of their own way, and be filled with their own devices." Hosea 10:13 bluntly warns us, "Ye have plowed wickedness, ye have reaped iniquity; ye have eaten the fruit of lies". The integration of our nation with non Israelites, bears its natural fruit in the juvenile delinquency which it favors. Do you say, but we find juvenile delinquents among children from good homes? Who taught it to them? One rotten apple can spoil a whole barrel full. It will bear its terrible fruit when succeeding generations become mongrelized, reduced to the level of the lowest.

Internationally, our government's violation of Yahweh's laws has destroyed our honor, betrayed our friends while helping our enemies. This has brought us to the brink of complete disaster. Must we wait for the final crash before we set the brakes?

It is time for all of us, politicians, clergymen, congregations and voters, to face the most fundamental question of all, **to whom are we loyal?** Are we loyal to Yahweh, or to the pagan ideologies which alien minority groups have imported? The prophet and leader Joshua put the question directly to our ancestors in Joshua 24:14-15. "Now therefore, reverence Yahweh, and serve Him with sincerity and in truth: and put away the gods which your fathers served on the other side of the flood, and in Egypt, and serve ye Yahweh. And if it seem evil unto you to serve Yahweh, **choose this day whom ye will serve: but as for me and my house, we will serve Yahweh.**"

Critical note by Clifton A. Emahiser: Comparet is right on target with this presentation, and little can be added. I shall cite, though, a few things for emphasis. Comparet quoted Judges 2:7,10-11, of which I will repeat part of verse 11: "And the children of Israel did evil in the sight of Yahweh and served idols [Baalim]." I should point out that the worship of idols always led to race-mixing which was the greater evil of Baalim worship. Speaking further on the subject of mongrelization, Comparet states: "We are violating the laws of Yahweh when we seek to make His enemies prosperous and powerful in their paganism, instead of teaching them that these good things come only as gifts from the one true God." I will comment here that we are instructed to totally separate ourselves from the non-Israelite heathen rather than teaching them anything concerning our Almighty.

Comparet then quotes Hosea 10:13: "Ye have plowed wickedness, ye have reaped iniquity; ye have eaten the fruit of lies." Surely, this is applicable to our present day, especially "... ye have eaten the fruit of lies." Almost the entire realm of judeo-churchianity sects today are teaching lies. Among the greatest of these lies is the false doctrine of "universalism". Even in the circles of today's Israel Identity movement there has arisen a liars club that just won't quit. Speaking of such lies, Comparet comments:

“ It will bear its terrible fruit when succeeding generations become mongrelized, reduced to the level of the lowest.”

Compartet concludes his essay by citing Joshua 24:14-15. I would like only to clear up one part of that passage where it says: “... on the other side of the flood ...” That was in reference to the Euphrates river from whence Abraham came.
