Plus Critical Notes

Yahweh intended that His people Israel should know and understand what is taking place in the world in which we live. The Bible has many prophecies describing our day, given as signs of the approach of the end of this age. They are Yahweh's time clock showing that He will soon return and set up His kingdom here on this earth. Yahweh has done this to comfort us in these troubled times with the knowledge that this marks not the end of civilization, but the approach of the perfect one which He is about to establish.

In Romans 15:4 Paul tells us, "For whatsoever things were written afore time were written for our learning, that we through patience, and comfort of the scriptures might have hope." John 14:29 records, "And now I have told you before it come to pass, that, when it is come to pass, ye might believe." II Peter 1:19 assures us, "We have also a more sure word of prophecy, whereunto ye do well to take heed, as unto a light that shineth in a dark place, until the day dawn and the day star arise in your hearts."

Not only our Bible but the legends of pagan people foretell events of the future too. I think it will be interesting to examine some of these, as showing their timing of the day in which we live.

The Arabs had an ancient legend by a prophet of God, that Jerusalem could only be taken from the Turks, when the waters of the Nile river flowed into Palestine. In the first world war, the British troops fought their way across the desert from Egypt to Palestine, through dry country. In this desert armies would die of thirst, if they depended on the few small water holes. So they laid a pipeline across the desert from Egypt, to carry water from the Nile river to the advancing troops. Seeing this fulfillment of their prophecy encouraged the Arabs to fight with renewed vigor, and hastened the expulsion of the Turks from Palestine. The leader of this army was General Allenby, in Arabic Allenby means prophet of Allah, the Arab word for God.

In the Bible, Ezekiel chapters 38 & 39 tells of the attack by Gog and Magog, identified as Russia and China, to come at the end of this age. An ancient Mongol legend confirms this saying, "When that which is harder than rock, and stronger than the storm wind shall fail, the empires of the north court and the south shall cease to be. When the white Tsar is no more, and the Son of heaven has vanished, then the camp fires of Genghis Khan will be seen again, and his empire will stretch over the earth."

Genghis Khan was born in 1162 A.D. and he lived to see his armies victorious from the China Sea to the banks of the Dnieper river. These predicted things have happened, the empires of the north court, Tsarist Russia and the south court, the

Manchu dynasty ruling China, have ceased to be. The white Tsar is no more. In Japan, the emperor wasn't murdered, as in Russia, but he is no longer the man-god, the Son of heaven, but is just a human constitutional monarch.

The time is here! The mongol hordes are ready to overrun the earth, this includes China, Mongolia, Manchuria and a majority of the Russian people who are also Mongolian. We do see the camp fires of their armies again. They are like the hordes of Genghis Khan for they murder, rape and loot wherever they conquer, they are winning by Genghis Khan's old strategy. He used a carefully planned program of infiltration, intrigue and subversion in the cities he planned to conquer. His agents entered the cities long in advance, then they bribed public officials to neglect their duties. They collected secret information about the defenses and smuggled the information out to their leader. These are the same tactics the communists are using within all nations of the world, all being directed from Moscow. We need to heed these prophesies and legends and put a stop to this subversion in our own country today.

Just as righteous men know that a time limit is set for this present world order, the forces of evil are also aware of this timing. For example in Matthew 8:29 we are told that when Yahshua met two men who were possessed of devils, the devils said, "What have we to do with Thee Yahshua, thou Son of God? Art thou come hither to **torment us before the time?**"

An ancient Hindu holy book, the Vishnu Purana, stated that the life of man will run in four cycles, the last to be the age of Kali. "The age of Kali will be recognized by these signs. When society reaches a stage where property confers rank, wealth becomes the only source of virtue, falsehood the source of success in life, and when outer trappings are confused with the inner religion."

Hollywood alone is enough to demonstrate the truth of the statement that wealth has conferred both rank and virtue where neither actually exists. False advertising and propaganda have become a major source of success in life. In many churches outward form and ceremony have taken the place of the true religion.

Paul says much the same thing in II Timothy 3:1-5. "This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, blasphemers, disobedient to parents ... lovers of pleasures more than lovers of Yahweh. Having a form of godliness, but denying the power thereof ..."

The holy book of the heathen sees this as the end of man. We see that it is the day of Yahweh's judgment, when evil will have ripened for the harvest.

In addition to the prophesies of the Bible and the legends of the heathen, there is also the rhythm of history. There is a rhythm of timing to the various uprisings of the Mongolian people. There has been a major uprising every 500 years. For example, Attila at the head of the Huns, crossed from Asia into Europe and threatened to exterminate western civilization. He was defeated and turned back at Chalons in 45 A.D.

Five hundred years later another inundation from the east threatened to swamp Christendom, that of the Magyars, who were finally defeated in 955 A.D. by Otto the Great. Five hundred years later there was another invasion from the east, an even worse one, that of the Turks. When Constantinople fell in 1452 A.D., Europe seemed

doomed. However, three years later the Turks were defeated outside Belgrade, and the invasion was turned back. Now another five hundred years has run its course. We see the people of Mongolian stock have taken the eastern half of Europe and are massing to take the rest.

All the prophecies indicate this age will end in a tremendous world wide war. This time is very close. We see all the nations preparing for war, how near is it? Scientific research points to a very dangerous time in the immediate future.

We mark the hours on the face of the clock, so that those who read the hour may know how far advanced the day is. Yahweh has marked the great events of prophesied history on the clock face of His Bible, **so that we may read our place in the age.**

Critical note by Clifton A. Emahiser: When Inez Comparet quoted II Timothy 3:1-5, she shouldn't have omitted "... proud ... unthankful, unholy, Without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good, Traitors, heady, highminded ..." With the hippie revolution, promoted by the bad-fig-Canaanite-jews, this is exactly where we are. In fact, at no other time in history could II Timothy 3:1-5 apply so graphically!
