This is a subject that I have been needing to address, and address it I will. For about the last two months I have been pondering how I might go about this, and a letter from William Finck to myself he laid it all out very appropriately. Bill has written this same thing to several others, and here is the general outline of those letters (except that the names of those promoting the moslem arabs as our friends are withheld, unless those persons become obnoxious). I will dispense with the usual quotation marks as Bill writes the following:

6th August 06, Dear Clifton, ... So that you know, this is what I've been writing concerning the situation in Palestine, which of course reflects my full position on the subject:

I've heard that there is some confusion, or even division, in the Identity community (what else is new?) concerning the current recent events in the Middle East. Allow me to discuss my opinions concerning this matter here. I will try to be brief.

We in Kingdom Israel Identity, the true two-seedline adherents and not the spurious blind universalist types, know that the jews are evil, and are indeed the children of the devil. It matters not how many of them live or die in Palestine! We know that the so-called Israeli state was founded upon treachery, and in doing so millions of arabs were displaced from lands occupied by them for nearly 1400 years, and indeed some of their ancestors (those who were absorbed into Islam, raped, or otherwise captured and forced to convert) lived there much longer than that. Yet we must not forget that very thing, that the arab had taken that same land from White Christian Romans and Greeks (and others) who inhabited it up until the Islamic conquests.

More importantly, the arabs are **NOT** our friends. Neither can they ever be. The very word "arab" is a Hebrew word which denotes a person of mongrel descent (see Strong's #'s 6148, 6150, 6151 and 6154), and so therefore they are not ever pleasing to Yahweh! Furthermore, an examination into the very being of the arabs reveals that they too have the **blood of the serpent**, through the Kenites and Canaanites, the Moabites and Ammonites, running through their veins! The arabs, while not masquerading as Israel, still pretend to be holy and noble under pretense of certain Old Testament commandments borrowed into their 'Koran', and are still just as much the **children of the serpent** as the jews are!

What's happening in Palestine today is only Satan's little sideshow. A great distraction which has all the eyes of the world fixed upon it, which is at least the perception which the jew-controlled media of the West likes to present.

In the 7th century the arab Moors poured into once-White Iberia, occupying at one point the southern two-thirds of the peninsula. For that reason, unto this very day most of the inhabitants of Spain and Portugal resemble arabs, for that is what they are.

It was the jews who invited the arabs into Iberia! Martin Luther wrote about it. When the mongols invaded eastern Europe, the jew merchants opened the gates of the cities to them. Luther wrote about that too. Today, many of the mongol descendants in southern Russia, and Iran, neighboring states, and the Middle East, are found practicing Islam.

After the conquest of Iberia, the arabs advanced toward France, and they were turned back after a great effort by Charles Martel in 732 A.D. at Tours. **This is one of the most important events in our history.** Had the Moors been successful, we would all be riding carpets today and praying to a rock hidden under cover in the Arabian desert. We would also all look like the Sicilians. The Moors conquered formerly White Sicily, and held that and large portions of southern Italy for up to 200 years, until their rule was ended by Danes and Franks, and for that reason today most of the Italians, especially of the south, resemble arabs, for that is what they are.

From the 12th century A.D., the Islamic arab turks ('arab' meaning 'mixed') conquered and absorbed the Greek Byzantine lands, putting many Christians to the sword and raping women and children. They subdued large parts of the once all-White Balkans, and made it as far as Vienna in Austria, where their sieges failed. The muslim turks, truly an 'arab' race, held all of Greece until 1825, and for that reason today we have muslims in the Balkans, and many – if not most – of the Greeks today look just like arabs, because that is what they are. The Ottoman turks besieged Vienna in 1529, and again as recently as 1683. Had they been successful, we'd all be wearing kufi hats today, and grousing about the liberals who'd want to do away with our daughters' burkhas. We would also all look like today's Sicilians! That, to jews and arabs alike, would be heaven. For the arabs and the turks, along with the mongols, were certainly **the flood spewed from the serpent's mouth** in Satan's attempt to destroy Israel (Rev. 12:15)!

So how do we repay the valor of our French and German ancestors who repelled the arab invaders at Tours and Vienna? Look at France and Germany now! At the beckoning of the jews, we have let arab and turk take our countries freely! Europe is being overrun with arabs! There will be a price to pay for letting this happen! **This is the real battle.** We must fight for the hearts and minds of Yahweh's true Israel people, and not be distracted by Satan's deceptive sideshow in the Middle East. If satan fights against satan, how can his house stand? If they all destroy each other, good for them! We must only concern ourselves with our own kindred, and **beware of BOTH jews and arabs.**

Concerning this, I wrote a pamphlet which Clifton shall distribute this coming week, called *The Immigration Problem And Biblical Prophecy*. I hope you find it to be of use. [End of William Finck's letter to myself.]

THE WORD " ARAB " IN SCRIPTURE

The term " arab " in the *Strong's Concordance* is #'s 6154 and 6151. *Strong's* defines #6154 as: "... 'êreb, ay'-reb; or ... 'ereb (1 Kings 10:15), (with the article prefix), eh'-reb; from 6148; the web (or transverse threads of cloth); also a mixture, (or mongrel race): Arabia, mingled people, mixed (multitude), woof." *Strong's* defines #6151 as: "... 'arab (Chald.), ar-ab'; corresponding to 6148; to commingle:— mingle (self), mix." The root of this verb in *Strong's* is #6150, and is defined: "... ârab, aw-rab'; a primitive root

[rather identical with 6148 through the idea of *covering* with texture]: to *grow dusky* at sundown:– be darkened, (toward) evening.”

In the *Gesenius' Hebrew-Chaldee Lexicon* under #6154, one is directed to see the root (under #'s 6148-9) No. I. i., which in turn says at: “... (1) *to mingle oneself* ... (2) *... to intermingle* ... to enter into marriage ... Ezra 9:2 ...” Then under #6151, it says: “... *to mix, to mingle* ... Daniel 2:43.”

The New Brown – Driver – Briggs – Gesenius Hebrew And English Lexicon says the following on #6154: “... mixture, mixed company;– heterogeneous body attached to a people; to Israel Exod. 12:38 ... Neh. 13:3 ... Jer. 25:20 ... Jer. 50:37 ... Jer. 25:24 ... 1 Ki. 10:15 ... 2 Chr. 9:14 ... Ezek. 30:5 ...” Before we go any farther, we should read these passages mentioned first by *Gesenius'* and then those by *Brown – Driver – Briggs – Gesenius*.

But before we do so, it would also be well to define the word “heterogeneous” as used by the latter: (1) different in kind; unlike; incongruous. (2) composed of parts of different kinds; having widely dissimilar elements or constituents.

Ezra 9:2: “**For they have taken of their daughters for themselves, and for their sons: so that the holy seed have mingled themselves with the people of those lands: yea, the hand of the princes and rulers hath been chief in this trespass.**”

Daniel 2:43: “**And whereas thou sawest iron mixed with miry clay, they shall mingle themselves with the seed of men: but they shall not cleave one to another, even as iron is not mixed with clay.**” [emphasis in these 10 passages mine]

Exodus. 12:38: “**And a mixed multitude went up also with them; and flocks, and herds, *even* very much cattle.**” [mixed = arab]

Nehemiah 13:3: “**Now it came to pass, when they had heard the law, that they separated from Israel all the mixed multitude.**” [ditto]

Jeremiah 25:20: “**And all the mingled people, and all the kings of the land of Uz, and all the kings of the land of the Philistines, and Ashkelon, and Azzah, and Ekron, and the remnant of Ashdod.**” [more mixed people]

Jeremiah 50:37: “**A sword *is* upon their horses, and upon their chariots, and upon all the mingled people that *are* in the midst of her; and they shall become as women: a sword *is* upon her treasures; and they shall be robbed.**”

Jeremiah 25:24: “**And all the kings of Arabia, and all the kings of the mingled people that dwell in the desert ...**” [mingled = arabs]

1 Kings 10:15: “**Beside *that he had* of the merchantmen, and of the traffick of the spice merchants, and of all the kings of Arabia, and of the governors of the country.**” [Arabia = mixed]

2 Chr. 9:14: “**Beside *that which* chapmen and merchants brought. And all the kings of Arabia and governors of the country brought gold and silver to Solomon.**” [ditto]

Ezekiel 30:5: “**Ethiopia, and Libya, and Lydia, and all the mingled people, and Chub, and the men of the land that is in league, shall fall with them by the sword.**” [mingled = arabs]

Another word that has connotations to the idea of something mixed is the term “Belial”. Of the variant meanings for the word #1100, “Belial”, *Strong's Concordance* with #1098 indicates something “mixed”. [“Belial” = arab = mingled]

The word “Belial” in the *Strong’s Concordance* is #1100. *Strong’s* defines it as: “... b^elîya‘al ... from 1097 and 3276; *without profit, worthlessness*; (often in connection with 376, 802, 1121 etc.):— Belial, evil, naughty, ungodly (men), wicked.” *Gesenius’ Hebrew-Chaldee Lexicon* has it in part: “*without ... benefit, ... unprofitableness, worthlessness, what is useless of no fruit ... useless, of no profit, little worth ... (1) wickedness vileness ... a wicked man ... a wicked woman ... an evil wicked thing ... (2) destruction ...*”

The word #1098 in the *Strong’s Concordance* is defined as: “... b^elîyl, *bel-eel’*; from 1101, *mixed*, i.e. (specifically) *feed* (for cattle):— corn, fodder, provender.”

It should be noted that the Hebrew (*ereb*) has three different meanings, and once we comprehend their meanings, we then discover how they are related. As we see with the Hebrew definition for #6150 above, it describes the gradual darkening of the day as the sun progresses toward sundown. It also has the Hebrew meaning of the darkening of the skin color as a person of mixed race, or as they would say in South Africa, “colored”. This meaning is assigned the Swanson #6846, and Swanson refers us to 1Ki. 10:15; Jer 25: 20, 24. [These verses previously quoted here.]

Anyone who has ever observed an Arab has to admit that he is not as light as a Caucasian nor as dark as a Negroid, though some are close to either. This is the similarity of the meanings: that “evening” is not as light as “high-noon” nor as dark as “night”.

From the 1980 *Collier’s Encyclopedia*, volume 2, page 398, under the topic “Arabs”, we read the following: “The people of the Arab world have no single origin. Although Arab culture was associated in early times with the Arabian Peninsula, over the centuries many different peoples have become Arabized through adoption of the Arabic language and other features of Arab culture. For nearly all Arabization was through Islam, the major religion of the Arab world. The Arabs are as diverse physically as they are in ethnic origin. There is no Arab ‘racial type.’ Some Arabs do fit the stereotyped picture, lean and ‘hawk-nosed,’ with darkish skin and black hair, but these features are in no sense typical. Negroid Arabs are similar in appearance to sub-Saharan Africans, and light-skinned Arabs are physically indistinguishable from most Europeans.” [emphasis mine]

Again from the 1980 *Collier’s Encyclopedia*, volume 13, page 310, under the topic “Islam”, we read the following:

“... The term Islam refers not only to the religion but also to the entire body of believers and the countries they live in. Among the predominantly Muslim nations of the modern world are Morocco, Algeria, Tunisia, Libya, Mauritania, Chad, Egypt, the Sudan, Syria, Iraq, Saudi Arabia and the other states of the Arabian peninsula, Turkey, Albania, Iran, Afghanistan, Pakistan, Bangladesh, Malaysia, and Indonesia. Large Muslim communities exist in Lebanon, Yugoslavia, the Soviet Union, China, India, and the Philippines. There is hardly a region that does not have a Muslim community.

“The youngest of the world’s great religions, Islam developed in Arabia, in an area that was one of the most significant melting-pots revealed by history, and the great religious enthusiasm of the peoples living there was thereby diffused and given a universal character ...” [emphasis mine]

Again from the 1980 *Collier’s Encyclopedia*, volume 13, under the topic “Islam”, and the sub-topic “Central Beliefs”, of which there are five that are termed

“affirmations”, central to basic Moslem doctrine. The “fifth affirmation” is of utmost interest to us here and reads as follows on page 311:

“Fifth, the community of believers includes all who reverence Allah, His Prophet, Book, and the Day of Judgment. This is the celebrated brotherhood of Islam in which all barriers of race, color, tongue, and status are broken.” [emphasis mine]

CONCLUSION

I hope the reader is beginning to see what kind of a war we are in, and it's not a very pretty picture. Our White Israelite people simply cannot take sides with either the satanic-jews or the satanic-arabs. Simply put, we are at war with the entire third world conglomeration of people; **we have no friends**, nor should we have! The bottom line is: they're all satanic! If we absorb them, then we will also become satanic! Yes, genetically satanic! Is that the kind of grandchildren you want? There are already an awful lot of White people who have satanic grandchildren! If you want to avoid such a situation, avoid all universalist, one seedline and no-devil so-called pastors at all costs. Will this process of miscegenation never ever stop that has been going on for thousands of years, of which the arabs are a prime example?

Another people descended from the arabs are the mexicans. They are a result of the Spanish explorers who had arabs and jews among them, and they still speak Spanish today. Again from the 1980 *Collier's Encyclopedia*, volume 16, page 80, under the topic “Mexico”, and the sub-topic “Ethnic Origins and Language” we read the following:

“An estimated 300,000 Spaniards entered Mexico during the three centuries of colonial rule. They mixed with the Indians, producing the mestizo element which today predominates in the Mexican population. Most of the Negroes, estimated at less than 200,000, who were brought during the colonial period to work in the mines and on the plantations have been absorbed into the population.” This same article points out that there were “more than 700 tribal groups” and “100 different languages” among the Mexican-Indian element alone. Remember, the Hebrew word (*ereb*) means “mingled”. Again, from the 1980 *Collier's Encyclopedia*, volume 17, page 80, under the topic “Muslims”, and the sub-topic “The Omniad Caliphate of Spain”, we read the following:

“... So many native Christians adopted Islam and intermarried with the conquerors that the original Muslim stock was thoroughly blended with the local peoples ...” Therefore, we don't have to guess as to the general makeup of the 300,000 Spaniards who **blended** with the mexican-indians. All one need do is brush up on his history.

Every White Israelite today should realize that the tenets of Islam have not changed in the slightest, as each arab devotee thereto thinks in the back his mind, “White European, you either convert to Islam or you die!” A muslim doctor anyone?
